LEARN MORE ABOUT ME

I was born on April 30, 2003, in Saint-Cloud, a suburb of Paris.
At a young age, I started to be interested in cutting-edge technology and how they could revolutionize our world. Thanks to forums and documentation, I learned different programming languages such as Python, HTML/CSS and IoT.I got seriously interested in computer networks and I wanted to understand how it was possible to secure them. Quickly I started to work in this field and at at my 18th birthday I created my own company
